19) I do not quite agree. A distinction ought to be made between the several kinds of contributions made by the local bodies for Edn: Some were voluntary & are continued under a sentimental understanding that the contribution made by Govt towards the cost of the girls' school. I would not interfere with such levies

20) There is however a contribution levied from certain municipalities under a old order passed in the nineties after last century or earlier in consideration of certain taxes like Land tax or Professions then being levied by Govt which were transferred to local bodies. These levies were

made on administrative principles which have long been given up. The levy is most irregular in its incidence & application & the poorer local bodies are taxed while the richer ones escape. This should certainly be

31) I no doubt agree that municipalities should contribute towards primary (& class higher) education but I don't know when the general question will be settled.

Rev. 78-28-1

SIR,

In forwarding herewith a copy of my letter no.C.1376-27 dated 9th June 1928, addressed to the Director of Public Instruction in Mysore along with a copy of his reply no.Fl. 3065 dated 25th June 1928 thereto, re the contribution payable by the Kolar Municipality towards the Primary Education, I have the honor to state that the Kolar Municipal Council have been agitating for some years past that the amount of contribution of R 360/- per annum payable by them for vernacular education as fixed in 1894 also is very heavy as compared with the poor finances of the Municipality and it may be reduced to R. 90/- and that the contribution of R.100/- payable by them towards the cost of maintenance of the local Vani Vilas Girls' School as per G.O. No. S 1074-5/Edn 89-[illegible] dated 29th September 1893, may be waived, on the ground that they are unable to pay the same with their slender resources.

2. The normal income and expenditure of the Municipality amount to R. respectively per annum at present, and the Municipal Council have not also been levying education cess. In view of this fact and the fact that the rate of contribution for vernacular education was fixed very many years ago and is more than what some of the other Municipalities with larger income pay, I request that the Govt.

may be pleased to reduce the amount of contribution for vernacular education from R 360/- to R 90/- as requested by the Council

3 As regards the request of the Council to waive the contribution fixed for the maintenance of the Vani Vilas Girls' School at the place, I invite reference to letter No 4745/Edn 48-24-7 dated 1st March 1927 from the Government addressed to the Director of Public Instruction in which the Government have decided that there is no reason to waive the contribution but the Municipal Council urge that the contribution of R 120/- was levied in the G O of the 29th September 1923, quoted above, without consulting them, when the institution was converted into a Government one, and when the Municipal Council are contemplating to stop payment of grant-in-aid to the said institution In consideration of the fact that this contribution also is very heavy, and this institution also is included in the Vernacular Education for which the Municipal Council are already contributing, the request of the Council may be granted and the contribution waived in respect of this institution

4 The file of vernacular correspondence on the subject is enclosed for reference and favour of orders of Government

I have the honor to be,

Sir,

Your most obedient servant,

Abdul Wajid

Deputy Commissioner,

Hassan District

Letter No J 1378-27 dated 8-6-28 from the Deputy Commissioner, Hassan District, to the Director of Public Instructions in Mysore

I have the honour to forward herewith vernacular correspondence ending with the Belur Municipal President's report No 554-28 dated 1-6-28, regarding payment of Municipal quota of contribution for vernacular Education and to state that the Municipal Council have again urged for the reduction of the amount of contribution payable by them for vernacular education from R360/- to R 90/- and also for waiving the contribution of R10/- per mensem payable for the maintenance of the Girl's School, at the place

2/ The Municipal Council argue that the present rate of contribution of R360/- payable by the Municipality is considerably high as compared with the income of the Municipality and that the Girl's school was converted into a Government school, just when the Municipal Council were contemplating to discontinue payment of grant-in-aid out of their funds to the Institution

3 From the Government order No E 1074-5/Edn 59-28-4 dated 28-6-28 (copy enclosed in the records herewith sent) it is seen that the Girl's school was converted into a Government Institution in consideration of the grant-in-aid paid by the Municipality for the maintenance of the same and that the Municipality should continue to pay the contribution therefor The Municipal Council plead inability to do so As regards the contribution for the vernacular education it seems that the present rate was fixed so far back as 1904, and requires to be reduced to suit the present financial position of the Municipality

4 I request you to kindly move the Government once again to reconsider the request of the Council

---

With reference to your letter No R O C 1576-27 dated 9-6-1928, regarding the contribution payable by the Belur Town Municipality towards Primary Education, I have the honour to state that the Municipal Council, Belur can very well approach Government and have the contribution payable reduced to suit the present financial position of the Municipality Till then the Municipality may be asked to pay the contribution fixed in the Government Order of 1894

As regards the contribution payable towards the maintenance of the local Girl's School, I have to state that Government have not refused to waive the contribution and as such it should be paid by the Municipality

I request therefore that early arrangements may kindly be made for the adjustment of the above dues The file of correspondence received with your letter quoted above is herewith returned

Correspondence ending with letter No D1 Dis. 329 of 1926-27 dated 21st March 1927 from the Inspector General of Education (now Director of Public Instruction) in Hyfore communicating that the Government sees no reason to waive the contribution of Rs 101/- payable by the Belun Municipality for the maintenance of the local Govt School as per G O No E 1076-85/Edn 59-234 dated 29-9-1923, Vide Secretariat letter No E. 4745/Edn 48-24-7 dated 1-3-27

Vernacular correspondence ending with Belun Municipal Resolution No 184-28 dated the 4th January 1928, stating that it is not possible for the municipality to pay the contribution and it may be waived and that the municipal Council are not agreeable to levy the Education cess also for the purpose as instructed by the Commissioner

Vide 1-2-28

Vide 2nd meeting of the Municipal Council

Vide 1-2-28

As Government have already declined to waive the contribution, it is no use pressing the matter further. The municipal Council will have to pay the contribution as fixed by G.O.

As regards the levy of Education cess, the views taken by the Council that it would be double taxation to the rate-payers of the Education cess be levied is not correct. It is only on Land Revenue that the Education cess is levied now what the Municipal Council is now asked to levy is on Municipal Revenue the matter may be reconsidered by the Council and steps taken to augument the resources of the municipality by levy of Educ cess or some other means the records are returned herewith

On enclosing herewith memo no D Dis 167/2223 dt 12-10-23 with a copy of G O no 6 1074-5 Com 57-23-4 from the Secy to Govt on Mysore regarding the conversion of the aided girls school at Belur into a Government institution, and the payment of contribution of Rs 10/- per annum by the Belur Municipality, towards the maintenance I beg to state, that the subject was placed before the municipal council meeting on 21 12 23, when the council unanimously passed a resolution to the effect, that the income of the Municipality being too poor to meet even the cost of works of urgent necessity, we could ill afford to continue any contribution towards the aforesaid school

A copy of the resolution is herein enclosed for perusal of Rural Authorities.

(2) From the Financial Statement enclosed, of the receipts and expenditure of the Municipality, it will be seen that the annual expenditure has for several years exceeded the income, the average expenditure during the past 5 years being £ 607 as against the average income of £ 5824. The needs of the Police force, especially on the Rand is year from year increasing, and many items of Municipal expenditure which are chargeable to the whole body of the Town people. Among the attempts to raise revenue by means of beneficiary levies at the market of the Municipality

The principal heads of Expenditure does not allow a portion of any surplus which there may happen to

improving the financial position of the municipality. So much so, that the municipal council have been driven to the necessity of requesting the government for help now and then. They have asked for the reduction of contribution of Rs 360/- to Rs 90/- towards the permanent Establishment fund (under the head provincial) and for handing over to them the right to collect tolls on the Tollgate on the Sagaing River, with all the municipal limits. These questions are under correspondence.

(3) The aided Girls' School in Pakokku has now been converted to a Govt. institution. The municipal council think that the cost of the maintenance should be borne by the Govt. Especially when the municipality has begun to suffer losses and finds it impossible to continue the grant of contribution contributions as ordered by Govt. of Burma by that meeting action may be taken on the matter of discontinuing the grant from the municipality.

Sir,

In pursuance of the resolution of the municipal council for your deep consideration I invite to draw your attention to the statement of receipt and expenditure for the year 1915-16 which makes it clear and that the average income of the municipality is less than that of expenditure.

Had the municipal council been consulted with, about the possibility of continuing the grant before pressing the Govt order, the government would have been certainly convinced with the utter inability on the part of the municipality to pay any contribution. It was already under contemplation of the municipal council to discontinue the grant to the girls' school

On account of financial difficulties, but on consideration that the aided school would not commence, with the grant from the municipality, and the municipal Council to wait till the conversion of the school from that a government girls, which stated that the municipality should have been relieved of the burden entitled to they the Government are pleased to sanction in their order no E 1074 - 5/Edn 3-9-23-4 dated 29th october 1923. proposing to a girls school here, reducing the present grant of Rs 101 per mensem, now paid by the municipality and to be continued as Contribution to the department towards the school this really a hardship considering the deplorable condition of finance of the municipality.

I hope to be so good enough as to submit your favourable views to the Government for their reconsideration of the Government order in the matter

Sir

In submitting herewith the copy of the resolution of the municipal council for your deep consideration, I beg to invite your kind attention to the statement of receipt and expenditure for previous 5 years which makes it clear that the average income of the municipality is generally less than that of expenditure

Had the municipal council been consulted with, about the possibility and

~~fear of the~~ possibility of conv-
ening the grant before passing the
~~g~~ovt order, The govt would have been
certain of concurrence with of the

Note

The government on their order no E 1074 -5/Edn 59-28 dated 29th September 1923 have sanctioned the proposal of the Inspector General of Education of converting Lakkundi-Vidya Poshaka Pathashala (a grant-in-aid girls school) Belur, into a Government girls school with an establishment of Rs 36 7/8 per mensem, deducting grant of Rs 10/- per mensem now paid by the Municipality and to be continued as contribution to the Department towards the School.

The financial condition of this municipality, which is made clear in the Statement of receipts and Expenditure for the past 5 years enclosed herewith, will show that it is really a hardship upon the Municipality that the municipal council have conducted with out the possibility of continuance of the grant of contribution. The Inspector General of Education would have sanctioned Communication with the deplorable condition of the municipality in connection with this. It will not be out of place to mention that the municipal council already bearing the heavy shall of Contribution towards the vernacular Education.

Dear Sir,

I am writing to inform you that I have been absent from school for the past few days due to illness. I have been suffering from a high fever and cough, and my doctor has advised me to take rest for a few days.

I will be grateful if you kindly grant me leave for the above-mentioned days. I will make up for the lost time by studying hard and completing my assignments on time.

Thanking you,

Yours faithfully,
